ABSTRACT

Capnioneura veronicae nomen nudum is replaced by *C. gouanerae*. The types of *C. gouanerae* are designated.

Keywords: *Capnioneura*, Capniidae, Plecoptera, Turkey, *C. gouanerae*, name replacement

INTRODUCTION

In a previous article (Vinçon & Sivec 2011), we failed to designate the types for *Capnioneura veronicae*. Accordingly, in this note we provide a replacement name for *C. veronicae*, now named *C. gouanerae*, and we list the types of *C. gouanerae*.

Capnioneura gouanerae nov. nom.

Capnioneura veronicae Vinçon & Sivec, 2011:120-122.
Description and illustrations.

Material examined. Holotype ♂: Turkey, Eastern Pontic Mountains, Artvin, Borcka, Camili, Gorgit yaylasi, 1600 m a.s.l., 41°55'E 41°25'N, 26-X-95. The holotype and one female paratype from the same locality are deposited in the Zoological Museum of Lausanne, Switzerland. Other paratypes: same date and locality, 8♂, 13♀; Camili, 1350 m, 29-X-97, 1♂, 3♀ (held in Sivec and Vinçon collections).

Etymology. Named in honour of Véronique Gouanère, wife of Gilles Vinçon.

ACKNOWLEDGMENTS

We are grateful to Dr. DeWalt (Champaign, Illinois) for pointing out this omission.
